PROPOSITIONS ONE AND TWO WILL GIVE AID FOR ALL AGE GROUPS... SPONSORS BACK SEPT 27 VOTE

Additional Civic organizations, individuals and clubs went on record this week sponsoring Proposition 1 and Proposition 2, which will be voted on by the people of Daly City at a Special Election set for Tuesday, September 27.

Proposition 1 calls for a Community Center, to be dedicated as a living War Memorial, at Alp and Mission streets, off Hillside boulevard. The building will contain an auditorium with 1,200 seating capacity, a stage, three meeting halls, a teen-age center, kitchen, lobby and dressing rooms for the use of all age groups.

Proposition 2 calls for complete development of Marchbanks Park, a playground on the middle level, enlargement of bleacher capacity, night lighting of the baseball diamond and provisions for outdoor sports on the upper level. It also provides for complete development of Lincoln Park and for the construction of three new parks: One, east of Mission street, north of Evergreen avenue, in the Crocker tract; another, east of Hillside boulevard, in the Edgewood Terrace section, and a third in the southern portion of the city, east of Junipero Serra boulevard and south of School street.

LESS THAN 1¢ A DAY
Passage of both propositions will cost the average family less than a penny a day, or approximately three dollars a year.

Among the endorsements for the propositions, which have been recommended as a result of two years work by the Recreation Committee and civic leaders, this week saw the Daly City Volunteer Fire Department go on record as being in favor of the bond issue. Also heartily endorsing the program were the Daly City - Colma Lions Club, Veteran Firemen's Association, Daly City Rod and Gun Club, Judge William J. Sweeney, Executive Board of the Woodrow Wilson Parent Teacher Association, Edie Allen, and a host of others.

PLANS NEXT WEEK

Mario Ciampi, architect for the Community Center building, was completing plans for the structure this week and leaders on the Campaign Committee announced that reproductions of the plans, together with complete factual matter, would be distributed to all residents in the near future.

Signs were making their appearance this week around town, with Foster-Kleiser company donating a huge billboard on the Alp street site for the purpose.

RECREATION FOR ALL

Children, adults, teen-agers and social groups were all enthused over the program, which they claim will give Daly City urgently-needed recreation facilities for every section of the city and for all age groups, besides adding to property values in both residential and commercial areas.

Country Club Blast Burns Cook

Recovering from second degree burns today is Harold Laurence, 49, who was injured when gas exploded in a kitchen stove of the California Country Club Tuesday.

Laurence sustained burns of his face, right forearm and hand when he attempted to light the stove. He was given first aid at Junipero Serra hospital.

No damage to the club resulted from the explosion, officials said.

Laurence was released from the hospital shortly after treatment.

\$40,000 Grace Presbyterian Church Ground Breaking Ceremonies Sunday

Ground breaking ceremonies for a new \$40,000 Grace Presbyterian church will be held this Sunday.

The church sanctuary, to be completed in February, 1950, is the first of three units to consist of a chapel and Sunday school. When the sanctuary has been completed, the present church will be abandoned.

To face on Crocker avenue off Winchester, the sanctuary will seat 300 people and consist of two floors. In addition to the auditorium, there will be a fellowship hall, a basement, study and secretary's office.

The new building will be of the colonial type architecture, and of

Work To Begin Soon On OLPH Carnival Booths

Volunteer carpenters will soon be working on the first booths for the eighth annual Our Lady of Perpetual Help "Circus Carnival."

As announced earlier, the theme of this year's carnival, running from October 21 to 23, will be a circus. The event will be held in the parish hall, 80 Wellington avenue.

Among the many interesting booths offered to the public at the Carnival will be the flower booth. Two years ago, under the chairmanship of Mrs. Alma Garibaldi, this booth proved very popular and so was repeated last year.

Once more, during the 1949 Carnival, by popular request, Mrs. Garibaldi has undertaken the chairmanship of this booth. She will be assisted by Mrs. Theresa Sullivan and Mrs. Johnson.

Many beautiful plants and flowers will be on display to attract the interest of Daly City home gardening enthusiasts.

The flower booth, as well as all the others, will be put up by the volunteer carpenters. Many parishioners will assist in this work, including John Mueller, Bob Crocker, Louis Thibault, Bill Carrington, William Whalen, Tom Whalen, Roy Thomson, Bob White and George Lombard.

Thief "Takes Up" Plumbing Tools

Some burglar is better set to put in a sink or other plumbing equipment today.

Some time between September 3 and 6, a thief broke into a plumber's trailer at the Doelger Westlake tract and made off with one lie cutter, a die set, pipe reamer, wrenches, faucets, sink strainers.

The trailer was the property of the Scott Plumbing Co., 342 Minna street. Entrance was gained by prying the lid off the two-wheel trailer.

Bullet Breaks Up Window And Sunday Peace

"Lay that rifle down," is the plea today of the W. E. Phillips family, 701 Templeton avenue.

The words are directed at that unidentified "slop" shooter who put a bullet through their dining room window at 10:10 a. m. Sunday.

Before the shot had splintered itself, it sped across the dining room table and through a couch hung on a chair.

Mr. Phillips and two of his brothers were in the room adjoining the dining room. They were uninjured.

Police believe the shot was fired accidentally through the window. It came from the hills behind the Phillips' home in an east to west direction.

Labor Day Grass Fire Threatened Radio Station

Stubbles of burnt grass cover several acres of the Crocker estate today following what might have been a disastrous fire Labor Day afternoon.

The fire, believed to have been started accidentally by boy hikers, swept over the estate near Winchester and Crocker.

At one time it appeared as if the blaze might reach the army radio station, but it was checked by Daly City and Rockaway Beach firemen.

A pump house was engulfed by flames, but was saved thanks to the quick action of blaze busters who played water on the building for several minutes.

Amount of damage has not been estimated in the hour-long battle, but Daly City firemen believe it was minor.

Meanwhile, a smaller grass fire swept across a vacant lot just two days before at 2:52 p.m. The blaze near the corner of Market and Mission was checked before any damage resulted.

DALY CITY POST OFFICE CIR. 1908

Look closely. Down in the left hand corner is a sign informing the passerby that the ice cream parlor also takes letters. This is the Daly City post office back in the 1900's. The picture was taken by C. E. Berry who used to hike out here from San Francisco. That gentleman amusing the unidentified ladies is Hilding Anderson, who now lives in Los Angeles.

In 1900's Daly City Citizens Took Their Mail With Candy And Ice Cream

Back in the early 1900's Daly City residents were more likely to go to the post office for an ice cream than to mail a letter.

That was when one Herman Rudolph was operating the mail service in conjunction with his store.

Few people in Daly City remember this office, and even fewer seem to be able to place it either geographically or chronologically.

However, it seems to have been located in a frame building somewhere below Wellington avenue above Vista Grande on Mission. This was the second post office in Daly City, and operated some time between 1905 and 1915.

During those turbulent years, the little frame building was often the scene of more than stamp or ice cream licking.

When the community became a city in 1911, the little building shook under the oratory of gentlemen running for trustees. The vociferous campaign must have been convincing, for, in 1911, Tom Mullin (who first opened the post office) was elected trustee.

Yet Mullin was a better postmaster, as the next year he was defeated for political office.

Even before the combination post office and ice cream parlor, Daly City had another mailing service on Mission. This was down in the 6600 block and ran strong for several years under the direction of Ellis C. Johnson and wife.

However, when Johnson was called to be justice of the peace, he gave up tending the mails, and the job went on to the aforesaid Mullin.

There was to be one more move before the present post office was to go up on Mission.

After the Rudolph candy store office, the department felt it was large enough to occupy a building of its own, and took over a structure on the corner of Wellington and Mission. There it stayed until 1939 when it moved to its present location.

City Officials To Visit PG&E Plant Tuesday

Going up the river next Tuesday will be Daly City officials.

The officials will be guests of the Pacific Gas and Electric Co., on a one-day inspection trip of the Feather river hydro-electric plant.

Representing Daly City will be the council, Mayor Paul Green, and A. J. Bodien, superintendent of public works.

There will be some 180 various officials from bay area cities on the tour.

Leaving here Tuesday night, the officials will return Wednesday evening.

County Tax Rate Book Soon Available For Interested Persons

Copies of the San Mateo county 1949 tax rate and valuation book will soon be ready for distribution, Controller Fred E. Beer said today.

Bids have been asked for the book job, following completion of figure tabulation. The little book gives rates for communities. Anyone knowing his legal location can find his total tax bill. Few people, however, know the legal description of their property.

The book also gives the tax rate for county incorporated cities.

D. C. Boys Club Looking Forward To Harvest Dance

Those who like their dancing hillbilly style are in for a treat November 5 when the Daly City Boys Club put on their annual dance.

This year the event's theme will be the traditional "Harvest Dance." Not only will the turkey in the straw be present, but also a first-class hillbilly band.

Square dances, polkas and the like will loosen the boards in the Colombo Hall, Colma, on that eventful evening.

All money from the dance will go to purchase equipment for the Boys Club. And such things as baseball bats, footballs, boxing gloves and soccer balls are badly needed.

What, you don't folk dance? Don't worry, there will also be plenty of fox trot music to keep you and your Mrs. or Miss on the dance floor.

Tickets for the event will go on sale some time this month.

In addition to the orchestra there will also be some door prizes. Description of these prizes will be given at a later date.

Peninsula Police Ball October 29th In Fiesta Bldg.

Everyone on the Peninsula including Daly City has a date for Saturday evening, October 29.

This is the date of the now famous 21st annual Peninsula Police Widows and Orphans Aid Ball. This year the dance will be held in the new Fiesta building at San Mateo, and promises to be the best in many years.

Last Monday evening the police association met to make plans for the big affair. Lt. Lawrence Furio of Burlingame has been appointed general chairman to guide and lead the numerous smaller committees necessary to assure the success of the event.

This year will be the first time any large dance has been held in the Fiesta building and therefore the floor is now in the process of being reworked and treated for the dance. There are over 4,400 square feet of dancing space in the building.

The orchestra and special entertainment committees are now sifting through many agencies for a big name orchestra and acts for the dance.

Chairman Furio instructed his committees to insure that the public gets an extra good evening's entertainment. The hall will be redecorated for the evening and present plans call for a patriotic color scheme with an outdoor background. Total effect will be one of dancing under the moonlight, star-studded, wooded grove.

All money for the dance will be used to help the widows and orphans of officers who through the years have been serving the people of Daly City and the Peninsula.

One of San Francisco's biggest admission-free outdoor shows will be presented Saturday, September 10, at Portsmouth Plaza.

The two-hour show will be "Gold Rush Salute," and will feature professional acts interspersed with dramatization of a number of pioneer-day episodes.

GASLIGHT CAN-CAN TROUPERS. In the spirit of Old San Francisco, dancers Dolores Gonzales, Marilyn Koller and Gerri Cliff step out on the stage of "Dr. Robinson's Dramatic Museum" in historic Portsmouth Plaza — to call attention to the forthcoming two-hour admission free show "Gold Rush Salute" which will be staged in the Plaza on a huge open air stage on this coming Saturday evening (September 10) at 8 p.m.

Broadmoor No. 26 Line To Be Cut; Local Bus Company May Be Formed

Traffic Warning Signs Going Up In School Zones

School girl signs warning the motorist he is approaching a school zone will be posted near all Daly City schools, police said today.

This is but one of many precautions your police department is taking today in preparation for school opening September 12.

In addition an officer will be assigned to the intersection at Vista Grande and Mission to insure safe crossing for school children.

Other officers on Mission will be especially watchful during school hours, Chief Sunderland said.

Temporary long arm signals are also going up this week at the busy intersection of Mission and Hillside. These will give the motorist adequate warning that children, or other pedestrians are in the crosswalk.

Chief Sunderland urged all drivers to give full cooperation both to the regular officers and to the school safety patrols.

850 STUDENTS EXPECTED TO ENTER JEFFERSON HIGH SCHOOL MONDAY

Burglar Takes Small "Arsenal"

Armed with a 16 gauge Belgium shotgun, German luger and 30.30 Winchester front sights today is a Daly City burglar.

These were the items reported missing from the home of Kendall Van Pelt, 348 San Diego avenue. Early last month a neighbor reported a thug had broken into the Van Pelt home, but police were unable to ascertain what had been taken until the Van Pelts returned this week.

In addition to the small arsenal, the burglar also made off with a camera, of unidentified make.

The Van Pelts were on vacation when the burglary occurred sometime between August 8 and 11. Entrance was gained by using a tire iron to pry open the front porch window.

Parade Featured At Lions Bazaar On September 17

Those who love to march in or watch a parade will have a thrill September 17 when the Lions Club marches down Daly City streets.

The parade will be in conjunction with the Lions bazaar at the Sprouse-Reitz store, 6400 Mission. Time of the parade and the exact line of march have not yet been worked out.

Meanwhile plans were almost completed today for the big sale events at the store during the bazaar. Such items as coffee, tooth paste and shoe strings will be on sale from one-quarter to one-half the usual price.

Money from the affair will go to help needy children.

Also not to be forgotten are the three beautiful damsels who will be around the store giving out kisses of the candy variety. Included will be one gorgeous blonde in a bathtub.

Broadmoor's No. 26 bus line will soon be taken out of service, leaving residents in that community without transportation, Mayor Green said today.

Mayor Green learned this earlier in the week, following a conference with San Francisco's Mayor Elmer Robinson. Mayor Robinson did not indicate when the bus line would be taken out of service.

Failure to pay for itself, was the reason given by Mayor Robinson for abandoning the service.

Claud Hanrahan, Broadmoor representative, who invited Mayor Green and City Attorney Frank Blum to the conference, said plans were going ahead for some alternate service.

Possibility of putting in a shuttle system from Daly City to Broadmoor was advanced by Mayor Robinson. He did not elaborate on this plan.

Mayor Green said he would soon open negotiations with a group of local people who indicated they might be interested in forming a local transportation company.

The local company would serve the people of the Broadmoor area as well as Daly City.

Mayor Green said no further information on the proposal was available at this time.

There is going to be about the same number, if not the same faces at Jefferson High school September 12 as last year.

When school opens Monday approximately 850 students are expected to be registered, Stanford Hannah, district superintendent, said. During the last school year 835 youths occupied the hall of learning.

Facilities this year will be adequate to take care of all student needs, Hannah said.

"We are all set to roll," Hannah asserted. "Students will be in classes within an hour after the opening bell."

Hannah urged former students and new enrollees to register the first day of school.

Meanwhile, as in the student body, the faculty will also include some new members. Three new teachers will face pupils during the fall. They include:

Miss Helen Dobbie, dean of girls, comes to the high school from the San Francisco school department where she has worked in the veterans' counseling center. Miss Dobbie obtained her training at New York University, California and Stanford.

Before entering the naval service during the war, Miss Dobbie taught in Oakland. She has had much training and experience in counselling and the local school administrators feel fortunate in obtaining so well qualified a person for this important assignment.

Miss Marjorie Erickson comes to the school from Paso Robles. She will teach girls' physical education. Miss Erickson is a graduate of San Francisco State College.

Miss Beatrice Moldrup will teach algebra and general mathematics. Miss Moldrup is a graduate of the University of California and has been teaching at the Visalia Union High school.

Returning teachers will include: Miss Bacicco, art and leather craft; Binacca, mechanical drawing; Miss Crowe, chemistry, general mathematics and algebra; Fulford, physics, general mathematics, algebra and photography; Miss Hall, English and journalism; Miss Henry, English.

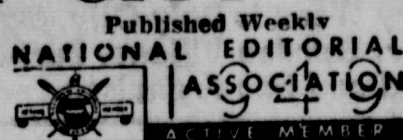

Miss Jones, clothing and foods; Kane, English, world history and Latin; Mrs. Kramer, English and remedial reading; Lair, general science; Lassegues, auto shop; Matthews, physical education; McGrath, physical education; Miguel, Spanish and Spanish-American history; Moseley, radio, art metal and stage craft; Orlich, social studies, general mathematics.

Dean of boys this year will be Mr. Mongan.

IRRESPONSIBILITY

The recent attempt by the Senate to pass an amendment directing the President to cut Federal spending for the current fiscal year by 5 to 10 per cent was a classic attempt at buck passing.

In the first place, Congress, and not the President, is supposed to control the purse strings. If expenses are to be cut Congress, and not the President, is supposed to do it. In the second place, if the Senate believes that expenses can be cut by 5 or 10 per cent, why hasn't it the courage to vote the cuts? Is it afraid to face the howls that invariably go up from those who would be affected?

When the congressional reorganization plan was put into effect two or three years ago the lawmakers were supposed to prepare a legislative budget and then keep within it. This hasn't been done. In fact, the Senate has probably set some sort of a record for messing up even the normal legislative machinery which resulted in the necessity of passing several emergency appropriations to keep the Government running until the regular appropriations could be acted on.

LOSING FAVOR

The British Labor Government is in a doubly tight spot. Not only is it plagued by enormous economic problems but now it is losing its popularity with the people. Of course, this is not surprising since most governments lose favor when things go bad. The trouble is now, however, that the Laborites are about to engage in talks with American officials on a solution of the dollar shortage.

The known lack of support at home might tend to create a psychological weakness in the British case, especially insofar as Americans may feel that British socialism has been responsible for some of the dollar shortage. Well, chin up! Carry on!

TITO AND THE TEMPEST

International politics, like the home-grown variety, makes strange bedfellows. We little dreamed just a year or two ago that Marshal Tito, the Belgrade bully, would be anxious to get under the American blankets for a little warmth and comfort. But he is — and how!

Tito has been out in the cold as far as Moscow is concerned ever since he decided he was big enough to talk back to Uncle Joe. The Kremlin boss has been slow in putting the screws on his impudent "nephew" but he now appears ready to do it.

The break with Stalin has caused Tito to try to "make friends and influence people" — in the West. He isn't feuding with the Italians anymore over Trieste and he has lately discovered that American capital is a pretty good thing — especially if he can get some.

THE GREAT DAY

Yes, it was a great day four years ago. Remember the hours of tense waiting for the official word — that the war was over?

Several hundred million people — winners and losers — breathed a prayer and a sigh of relief. Ten million men under arms looked happily homeward and a million of these, who were preparing for the invasion of Japan, felt that a special miracle had happened just for them.

We can hope — and work to make that hope a reality — that August 14, 1945, did not merely mark the end of another war, but brought down the final curtain on the long history of armed conflict.

If we strive toward this end with the same energy and determination that enabled us to win the war we may yet achieve it in spite of the present world outlook.

Superstitions Exposed In S.F. Exhibit

Bats, witches, black cats and all the other ingredients of superstitions will be "exposed" at a display at the San Francisco Main Public Library beginning Tuesday.

The 13-day exhibit is organized to expose the folly of common superstitions and dispell fear and prejudices by showing their danger to the American way of life.

Exposure will be done by revealing the truth behind the superstitions. The exhibit will treat prejudices as dangerous superstitions.

These latter superstitions will be effectively stripped of their guise by means of artistic word signs, photographs and other graphic illustrations.

San Francisco will be the third city in the U.S. to conduct such a demonstration. The public is invited to view the exhibit from 9 a.m. until 10 p.m. Monday through Saturday and from 1:30 p.m. to 5 p.m. on Sundays.

The Reuters news agency celebrates its centennial in 1949, according to the Encyclopaedia Britannica.

New DC Creamery Plans Opening Next Week

Planning a grand reopening some time during the latter half of next week is the New Daly City Creamery, 6288 Mission.

New owner, Charles W. Kennedy, said he expected to have the completely remodeled creamery opened by next Saturday, September 17.

Kennedy, who has been operating this type of service for the past 14 years, promises the new Daly City Creamery will be one of the best in the community.

Remodeled from floor to ceiling, the new creamery will seat 40 persons. It has a new counter and six booths.

Specialty of the pink and cream colored concern will be the famous home made doughnuts. In addition to the doughnuts all types of fountain orders and light lunches will be served.

One of the distinctive items in the creamery, aside from the excellence of its food, is the separate back bar. This is behind the counter and is an individual piece of furniture. Done in light green, the back bar is set off with neat flowered wall paper.

But one view is better than one hundred words. Why not come in and see for yourself? Kennedy concluded.

Johnson Is Legion District Head

New commander of the San Mateo county 26th District American Legion today is Bud Johnson, San Carlos.

Johnson was installed with other officers last Friday night. Others installed include: Bob McQuarrier, 1st vice commander; Bob Trumbo, Brisbane; Louis DeMatteis, judge advocate; Ralph Capps, veterans unemployment.

Commander Johnson's first act was to introduce a resolution urging that all hospitals be required to include in their list of questions first asked of new patients "Are you a veteran?" If the answer is "yes," the local Legion service officer is to be notified so he can go to work for the veteran and obtain free hospital benefits for the veteran afforded under the laws.

Lakins Back In Jail On Second Beating Charge

Back in jail today on an old charge of "assault with a deadly weapon" is Robert E. Lakins, 29, Colma father who faces a charge of beating his six year old son.

Lakins was arrested last Tuesday for allegedly beating his son with a rose stalk. He was released on bail, but picked up again on a request from San Francisco.

The second charge arises out of an alleged beating Lakins gave a Japanese youth who he claims tried to rob him in February, 1948.

Following charges brought Lakins at that time, he assertedly jumped bail failing to appear in court.

John Toomey, San Francisco police inspector, said his department learned about Lakins after reading the printed story of the child beating in a local paper.

Catherine Perada Now In Hospital

Suffering from a possible heart attack, Mrs. Catherine Perada, 70, 230 Miriam street, was rushed to Junipero Serra hospital early this morning.

A relative called police, who took Mrs. Perada to the hospital in a city ambulance.

After first aid treatment she was transferred to Community Hospital, where she is recovering today.

Junipero Serra authorities said the elderly woman was either suffering from a heart attack or stroke, and was unable to speak when brought to the hospital.

Manuel Tognoli was fined \$2.50 for speeding.

For failing to obey a signal the following motorists were fined \$2.50: Samuel Boatovich, Melville Cook, Louis Dolgin, Pete Kostecki, and Harriet Meares.

"Record" Reminiscence

From The "Record" 10 Years Ago September 6, 1939

Daly City councilmen have invited local organization representatives to discuss a proposal that October 12 be set aside on Treasure Island as Daly City Day at the world fair.

With an enrollment that is expected to go over the 700 mark by the end of the week, Jefferson Union high school hired Miss Amy Behrens as home economics specialist and Sigred Hansep as an English teacher.

Daly City has issued a formal application to the county for one-third the cost of the electric traffic signal recently installed at Mission and Market streets. The county's contribution will be \$424.

Miss Margaret Kohmann, daughter of Mr. and Mrs. Walter Kohmann, Bellevue avenue, and Fredrick J. Hooke, son of Mr. and Mrs. A. Phosphical, Wellington avenue, were married at 7 p.m. Saturday at Our Lady of Perpetual Help Church.

Jefferson Union high school football team opened touch practice schedule last week with an impressive looking lot of men turning out on the field. Among those were:

From The "Record" 20 Years Ago September 6, 1929

An 18-cent reduction in the county tax rate for the coming fiscal year was noted. The new rate is \$2.89 on every \$100 of assessed valuation for unincorporated territory and \$2.49 for inside territory.

Five residents of Colma were injured Sunday evening at Salada beach when a boiler exploded as they sat around a camp fire they had built on the beach. Among those injured was Robert Callan, youngest son of Mr. and Mrs. Jack Callan, Werner street.

Tomorrow will bring a first run showing of the new Tom Mix series, when Mix is seen in "Son of the Golden West." Tuesday night will bring Al Jolson to the Daly City Theatre in "The Jazz Singer."

MUSTANGS - BY PASS AND HELMET - TAKE ST. MARY'S 7 TO 0

By Allen Pettigrew

Trick passing and a St. Mary's player's helmet helped the Daly City Mustangs to win their second consecutive game of the season last Sunday by the score of 7 to 0.

In one of the tightest games of any season, the Mustangs met the St. Mary's A.C. on the most disappointing fields they had ever seen. Used to playing on good turf, the Daly City boys fought out Sunday's game on an Oakland gravel, dirt and sawdust field.

Finding it almost impossible to get the proper footing, the Mustangs might have been trampled if it had not been for their hard charging line. It was this line, rather than the famed spins and fakes that held the score down to 0-0 in the third quarter.

Then came the break. The Mustangs were on the 50 yard line, third down and eight yards to go for the first down. The team was in formation, tensed. Marlowe in the quarterback slot, calling signals. The ball was snapped. Marlowe fakes hand-off to Griffin, fades back, received beautiful protection from his line, then cuts to the left side of the field.

The St. Mary defense spreads to the left. Marlowe cocks his arm, throws, but wait a minute, he throws to the right side of the field toward two S.M. defensive men. They throw their arms up to block the ball, but it deflects off their fingers into the outstretched arms of Flash Rose.

Racing behind the defensive men toward the goal line, Rose scored. Then came the try for extra point. Marlowe held. Chambers kicked. The kick was low.

The impossible happened. A curious S.M. helmet bobbed up from the S.M. line. The helmet struck the ball lifting it neatly over the uprights.

From then on the Mustangs defiantly protected their lead. Had the game been one minute longer the Mustangs might have scored again. When the game ended the Daly City boys were on the S.M. nine yard line with a first down.

We want to thank the loyal fans from Daly City who attended our game in Oakland. There were quite a number who turned out to watch their team and I know it helped to encourage the local lads to fight even harder for victory.

Colma Sr. Team Scores 10th Season Win

With Tito Sarto pitching for the first time, the Colma Boys Senior Club went on to another win again last Sunday.

This time they took the Bookers Asbestos team by the seat of their pants. This makes the 10th game the Colma lads have won this season. They lost three.

Much of the credit for Sunday's win can go to Sarto, who showed that even a green pitcher can be good against the toughest competition.

In the Sunday game Sarto allowed only five hits. This is a record any pitcher can be proud of, and more so for Sarto, who was on the mound for the first time.

This Sunday the Colma lads will try for another win against the Am Vets at Palo Alto. The game will begin at 1:30 sharp at the Palo Alto Veterans hospital.

Meanwhile, the junior side of the Colma teams put away their gloves and bats. The Colma Boys Junior team temporarily disbanded this week.

Why?? No time for baseball when the team is in school.

Newell Liquors Take Daly City By 4 to 1 Score

Daly City Billiard Parlor today is looking for an easier team to play than the Newell Liquors nine.

On August 21 the Newell team took Daly City by a score of 4 to 1. Much of the "credit" for the loss can go to Johnny Palmer, pitcher for Newell.

Young Palmer allowed only two singles during the first seven innings. Only in the eighth, when Palmer began to grow a bit weary, did the Daly City team manage to score.

On the other hand, Joseph pitched a fine game for the Daly City group. And even at bat Joseph was ahead of his teammates, with two hits at three trips up.

Giants Hold Try-out Camp September 10-11

Here's a chance to try for a spot on the New York Giants without going east.

During September 10 and 11, the national league will hold its only northern California try-out camp at Healdsburg, 65 miles north of San Francisco on the Redwood Highway.

Carl Hubbell, director of the Giants' farm system, and Mickey Shuler, western scout for the New York Giants and their 19 farm clubs, will be on hand.

Tryouts will start Saturday at 10 a.m. Shuler said that there is no charge other than the player furnish his own transportation to Healdsburg and bring his own uniform.

These try-out camps are a hunt for baseball talent, and in the past have produced many outstanding players. Everyone turning out will be given the opportunity of participating, Shuler added.

No Dumping On Scenic Way, Police Warn

Don't dump that garbage on the Crocker estate near Scenic way.

This was the advice of W. W. Sunderland, chief of police, today. But the advice was followed up by a warning.

"Anyone found dumping refuse in that spot will be subject to fine," Sunderland said.

Although the police department believes this warning will be enough, they are taking no chances. Two men will be stationed near the illegal garbage dump during the day. The men are empowered to arrest anyone found dumping refuse in the area.

Only last week the fire department cleaned out the unsightly dump. This cost some \$150 and much time on behalf of the men.

The guard and warning is a means, Sunderland hopes, of saving the city money and also keeping it fragrant.

Golf Tourney This Weekend

Golfing fans will have an opportunity this week end to see some of the top-flight golfers from northern California in action.

The golfers will meet at the Green Hills Golf Club, Millbrae, this week end for the annual invitation tournament.

According to pro Bill Fritz an unusually large entry list already indicates a good turnout.

Opening Saturday, the 36-hole event will conclude Sunday. Each day 18 holes are scheduled.

Defending champion is Bob Silvestri.

Officials Named For Bay Meadows

Officials of the 1949 autumn meeting at Bay Meadows were announced today by William P. Kyne, general manager of the California Jockey Club.

The season at Bay Meadows gets underway next Tuesday for 41 days of racing.

George W. Schilling will again serve as presiding steward. J. Kingsley Macomber will represent the California Horse Racing Board on the Board of Stewards, with associate stewards Ivan Thomas, George D. Murphy and R. E. Leighninger.

Norris Royden returns as racing secretary with Timothy D. Sexton paddock judge. Don Blair is again clerk of scales. Charles Mullaney, George Zarelli, Alfred Shelhamer, Jack Smith and C. E. Groves will act as patrol judges.

Some DC Stores Close, Observe Admission Day

Meat, fish and poultry and many grocery stores will be closed in Daly City tomorrow, Friday, in observance of Admission Day.

City and county offices, as well as the Daly City branch of Bank of America will have their doors closed to business. In fact, all public offices, but for the police and fire, will take a one-day holiday.

But most of the retail stores, drug stores and department stores will be open.

Also expected to be open are the majority of Daly City taverns.

The Bank of America in Daly City will be open from 10 a.m. to noon Saturday. The Colma branch will be open from 9:30 a.m. to 4:30 p.m.

Most of the offices in city hall will also reopen Saturday, and be "in business" until noon.

Police court this week will be held today, Thursday, in order to give justice a one-day rest.

SM County Takes Firsts At Fair

Taking first place in fuchsias, horse show events and gold medal awards in ice cream was San Mateo county at the state fair.

The awards were given earlier this week. The state fair at Sacramento opened September 1 and will continue thru Sunday.

Mrs. Thelma Hellman, 1234 Bernal avenue, Burlingame, won first place in the non commercial fuchsias. S. Tamura, Redwood City was first in the commercial chrysanthemum field.

Spreckels ice cream of Burlingame won the gold medal awards for its ice cream products.

The San Mateo Concar ranch took first place in the hackney harness ponies in pairs with Xavier and Trinket.

Health Lab Opens In Redwood City

Ready to serve residents of the Daly City area today is a new county six-room medical laboratory.

The lab, equipped to handle tests for communicable diseases, is set up in the basement of the Redwood City courthouse.

Henceforth Daly City physicians will not have to send blood specimens to Berkeley for tests of communicable diseases. Tests will be made in Redwood City, Dr. Harlin Wynns, health director, said.

The laboratory will also be used to keep an eye on the public water and milk supply.

Choked Bat Best For Swatters, Reader Says

Young baseball batters who want to score over 1,000 should learn something about "choke" batting, believes reader Edmund Cavanaugh.

In a letter to the "Record" Cavanaugh opines that young ball players all too often refuse to "choke" and end up yards short of first base.

"Bunting the ball too has become a lost art experienced ball players will tell you," Cavanaugh asserts. "One can always bunt a pitcher even when the same pitcher is almost impossible to solve hitting."

Backing up these words of wisdom, Cavanaugh points to a recent conversation between managers Lefty O'Doul of the Seals and Chuck Dressen of the Oaks. Both were in agreement that more batters should choke up on the stick.

As Dressen pointed out, many batters believe that unless they try for a home run they are committing an act of cowardice. Not so, says Dressen, who fails to see anything wrong with a single.

But don't get Cavanaugh or the ball players wrong. It is possible to do more than bunt with a choke bat. In fact for younger weaker players this is an ideal position.

"Most young players haven't the strength to balance and control a bat from the nob. When they try to do so, they don't hit the ball squarely and rarely get to first base," Cavanaugh said.

But with a properly handled choke bat, a player can often make doubles and even homers. Take the case of O'Doul, who admits that one year with the National League he knocked in 33 home runs with a short bat.

Some other big batters who did all right with a choke were men like Ty Cobb, Joe Jackson, Tris Speaker, Mel Ott and Bill Terry.

What do other readers think of Cavanaugh's words of wisdom?

Paoli Fined \$250 For Drunk Driving

One of the heaviest police court fines of the year, \$250, was paid Friday by Charles Paoli, 33 E. Moltke on a charge of drunken driving.

This was the second time within 60 days that Paoli had been found guilty of driving while intoxicated.

The stiff fine was meted out after police discovered Paoli was driving with a revoked license. The license had been revoked earlier when he had pleaded guilty to the first charge of drunken driving.

Paoli was picked up by police August 18 as he drove his car at a "high rate of speed" on Mission from Market to Vista Grande. He was driving in an erratic manner, police said.

Social Security Burial Benefits Now Cleared Up

Here are a few facts on the so-called federal social security burial benefit, according to Edward J. Foley, manager of the San Mateo office.

There is no burial benefit specifically provided in the social security act. However, a lump-sum death payment is made upon the death of an insured wage earner, provided no one is entitled to a monthly benefit for the month in which the wage earner dies.

The widow or widower, if living with the wage earner at the time of his death, may qualify for the lump-sum payment. If there is no widow or widower, the person who pays the burial expenses may receive the lump sum.

Monthly death benefits are paid to widows over 65; to children under 18; to widows with young children and to dependent parents over the age of 65.

The "pasteurization" process of heating fermented liquors to prevent their deterioration was known in ancient Greece.

Death generally results if a patient's fever exceeds 107 degrees, according to the Encyclopaedia Britannica.

Head-hunters believe that the heads of their victims contain their souls, according to the Encyclopaedia Britannica.

Navy Tightens On Physical Requirements

Navy recruiting went back to a peacetime footing this week, with drastic tightening of enlistment restrictions.

As of September 1, the minimum term of enlistment goes up to four years. The former minimum was three years. Those 17 and under 21

can still sign to serve until the day prior to their 21st birthday.

Physical requirements have also been stepped up. Flat feet and lack of normal color perception are now cause for rejection, although they were previously allowed by navy recruiters. Allowances on teeth, height and weight also have been narrowed.

The navy has had no trouble in filling its enlistment quotas from the San Francisco district, and it is felt that even with the higher qualifications required, this success will continue.

There is something refreshing and wholesome in the sight of this fine boy and girl, chatting in friendly fashion as they plod their way to school. They are typical of many thousands of boys and girls who are preparing themselves, through study and training, for the duties and responsibilities of life.

Parents are often concerned about the academic progress of their children. But to be mentally alert is not enough; to be able to judge between right and wrong is essential. Progress in the knowledge of God and the principles of right living should be a matter of deeper concern.

True education encompasses the training of the soul along with that of the mind and body. When this training is neglected, life is incomplete, because it lacks the foundation of a vital faith.

Boys and girls should turn to the teachings of the Church and to the precepts of the Holy Scriptures as the most important part of their life training.

ALL FOR THE CHURCH THE CHURCH FOR ALL

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

One Man Injured In Three Labor Day Accidents

One man sustained slight injuries in one of three accidents reported in Daly City over the Labor Day holiday.

Injured was Robert L. Smith, 20, 4609 Lincoln Way, who was treated for slight facial abrasions at Junipero Serra hospital Monday.

Smith was driving north on Junipero Serra blvd. at 4:05 a. m. when, according to himself, he fell asleep at the wheel. He was rudely awakened when his car piled into the rear end of a vehicle driven by Lindsey A. Grimes, 27, 1933 Sunnydale avenue, South San Francisco, police said.

Reports indicate that Grimes was uninjured. However, both cars sustained "extensive" damage.

Pending further investigation, Smith was not cited by officers.

Only one hour before, another driver, Guido Marchetti, 38, 438 Miriam street, was charged with driving while intoxicated. There was no need to call an officer, as Marchetti allegedly collided with a parked police car.

According to police, Marchetti was coming south on Mission when he collided with the right rear of a parked vehicle owned by Frank Lombardi, 6498 Mission, at that address.

Marchetti's car then jumped the curb, went over the sidewalk, taking a light standard and power pole down, and collided with a parked police car driven by Officer Henry Sundermann.

All the cars involved sustained damage. Police reports did not indicate the extent of said damage.

During the Labor Day evening at 5:20 p. m. two cars suffered slight damage when an auto, owned by Jack Clark, 29, 253 Village Way, South San Francisco, went driverless down a hill.

Clark's car collided with a vehicle parked at the curb at 6273 Mission street registered to Raymond M. Burton, 25, 49 Los Banos.

Police charged Clark with failure to take a proper hold with his vehicle.

County Gray Ladies Want Hospital Help

Monday afternoon is a red letter day for Palo Alto Veterans' hospital patients.

On that day Gray Ladies from the San Mateo county chapter of the Red Cross furnish entertainment and gifts for the vets. With Mrs. Rudolph Baum, San Mateo, as captain, this group of volunteer workers arrives at the hospital about noon and spends a busy hour filling baskets for the various wards.

The fourth Monday of every month is birthday party day. On this day, cards and suitable gifts for the men having birthdays during the month, are added to the loaded baskets and ice cream and cake are served.

All this is part of the therapy used at the hospital to aid in the treatment of patients.

The handful of women carrying on this work need more help. An indoctrination course for training new ladies will be held at the Veterans' Administration hospital, Palo Alto, September 12 and 13. Volunteers may attend from 1 to 4 o'clock in the afternoon or from 6:30 to 9:30 o'clock in the evenings. All who are interested are asked to contact Mrs. Richard Heimann, chairman of the Gray Ladies service, 1449 Bellevue avenue, Burlingame, or phone DI 3-4561.

GI INSURANCE IS STILL AVAILABLE

National Service Life Insurance may still be taken out by veterans in San Mateo county.

However, there is a January 1, 1950, deadline for those ex-GIs who were injured in the war. After that date it will be necessary to take a physical examination. And should the veteran fail to pass the test he will be unable to get the insurance.

All questions that veterans may have regarding the government insurance, along such lines as premium rates, types of coverage, settlement options, change of beneficiary and so on, should be brought to the Veterans Service Office, county courthouse, Redwood City.

Meat costs much more than before the war... but not the gas or electricity to cook it. Refrigerators cost much more, too... but not the gas or electricity to run them. What's more, in the P. G. and E. service area, you get the biggest utility bargain in the United States.

For example, Bay Area people pay less for the same amount of gas and electricity than do those in any of the country's 25 largest cities. And P. G. and E. farm power rates are much lower than the national average for all utilities—including tax-free cooperatives and government-owned systems.

HOT AND BOTHERED—New York summer temperatures are just too much for two-year-old Oleh Danielewicz, right, as his twin brother Wladimir mops his brow on their arrival from a European DP camp. They will settle with their parents in the Bronx—and hope that fall rolls around in a hurry.

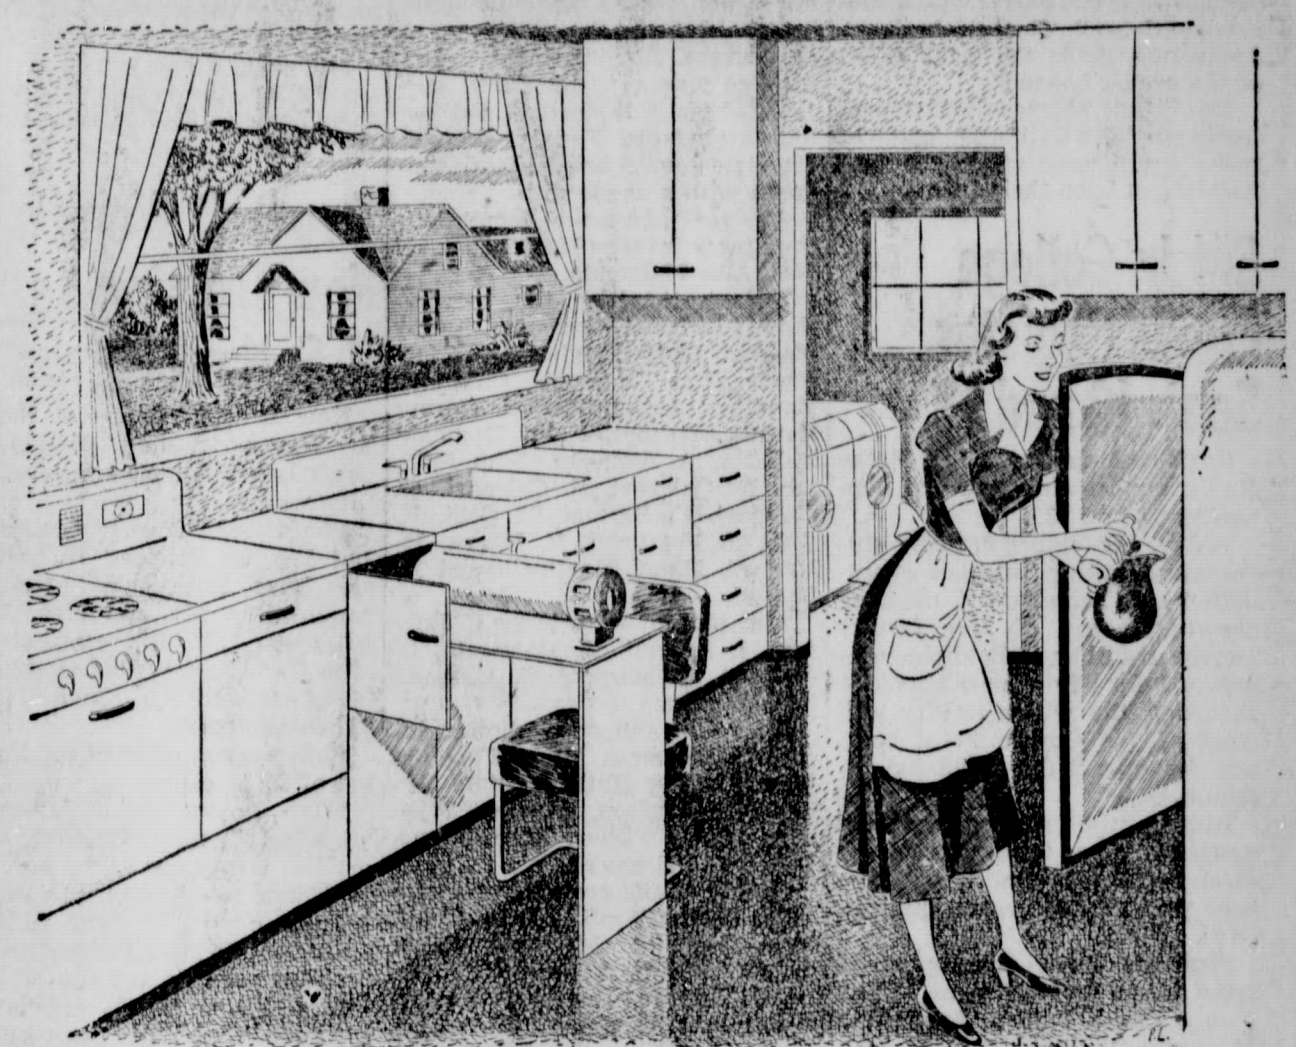

Employment Goes Up In Bay Region

It looks now as if the threat of "hard times" in June was only a temporary slump, as total employment in the bay area went up during July.

In the San Francisco bay area in July 882,900 persons were employed as compared to 880,000 in May, according to the San Francisco chamber of commerce.

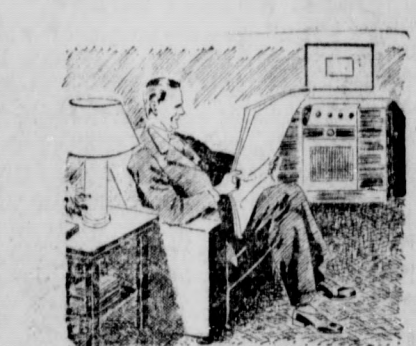

Slight gains in employment of agriculture, manufacturing and construction industries was noted for July.

With 170,000 estimated employees in manufacturing during July, it is estimated another 3,400 workers will be added this month, principally due to increases in canning and packing.

Heating and lighting your home at lower cost means that more is left in your budget for food, clothing, recreation and other every-day essentials for happy, healthy living.

More income for farmers is possible because low rates enable them to use work-saving electric appliances and equipment. Electric pumping means better yields, more diversified crops.

Vet Property Tax May Spread Over One Year

Local property taxes of vets financing their farms and homes through the state plan may be spread over a full year instead of the usual two installments.

Lawrence C. Stevens, state director of veterans affairs, said this was temporary action to ease the impact of the tax burden on participating veterans.

Of the 20,000 California veterans now using the low-cost state plan, approximately 3,300 take advantage of the tax spread.

As an illustration of the plan, Stevens cited the case of a veteran whose monthly payment to the state on his home is \$40 and whose tax bill is \$120. Under the temporary system in effect last year, the \$120 would be paid by the department of veterans affairs, and the veteran's contract would be extended three months, with no increase in the amount of payment.

Under the new system, his monthly payment over the next year will be approximately \$50 instead of \$40. Of course, veterans who can meet the tax obligation on the local two-installment basis will not find any advantage in the state procedure.

Building Permits Slack Off

Slacking off on the issuance of building permits this week, the city only gave out three for a total value of \$485.

Two of the permits went to concerns wishing to put up neon lights. These are the Westlake Co., 6940 Mission, \$100; Santoras, 1801 Junipero Serra boulevard, \$300.

The third permit was given to the Foster and Kleiser Co., for the erection of an \$85 bill board at the southwest corner of Mission and Vale streets.

Cuneo-Ricconi Nuptials Held At O.L.P.H. Church

At a double ring ceremony September 3 in Our Lady of Perpetual Help Church George Ricconi took as his wife Corrine Cuneo.

The former Miss Cuneo is the daughter of Mr. and Mrs. E. Cuneo, 681 San Diego avenue. She is a graduate of Jefferson High school, and is now employed there as a bookkeeper and treasurer.

The groom is the son of Mr. and Mrs. Walter Ricconi, San Pedro road, Colma. He too attended Jefferson High, and is now employed by Rath's Black Hawk Co.

Wearing a form-fitted white lace gown, the bride came down an aisle decorated in beautiful white flowers and matching ribbons. The flowers were massed along the sides of the first five rows of pews, and helped in the over-all effect.

The bride's dress had a short train, coming from her long-waisted gown. With a net inset yoke, cap sleeves, and matching lace gauntlets the bride was a picture of beauty.

She wore a hat veil, shoulder length, and carried an old-fashioned bouquet of bouvardias and lilies of the valley trimmed with chintilly lace.

In addition she had the famed blue garter worn by former friends who recently have married.

Jacqueline Cuneo was the maid of honor, and wore a turquoise satin off-the-shoulder full-skirted dress and carried a bouquet of tea roses. The bridesmaid, Maurine O'Connor, similarly dressed, also carried a bouquet of tea roses.

George Perada was best man, with Richard Little, Tom D'Olive and Ed Bocci acting as ushers.

The groom's mother was dressed in gray with a gray coat, accessories and an orchid corsage. The bride's mother wore a taupe suit with brown accessories, and had a white orchid corsage.

Following the 7 o'clock wedding, a reception was held at IASC hall, San Francisco. A six-tiered wedding cake was made by the bride's aunt, Mrs. Henry Dapkus.

While a four-piece orchestra played, some 500 guests wished the newlyweds well. The bride's sister, Jacqueline, made the lucky catch of the bride's bouquet.

The couple are now honeymooning in northern California, and will make their home at 1009 Brunswick street upon their return.

County Polio Cases Are Down

"Encouraging" is the word to describe the present polio situation in San Mateo county, Dr. Harlin Winns, health director, said today.

Nothing in the nature of an incipient epidemic existed during August in this county, Dr. Winns disclosed.

As against 13 cases of polio in August 1948, only 10 were reported last month. And the latter cases were of a "light character," Dr. Winns said.

This also represents a decline from July, 1949 when 14 cases were reported.

A growing plant requires access to some 20 chemical elements.

Woodrow Wilson PTA Board Holds First Meeting

Tentative plans for the coming year, and the membership campaign, were discussed at the first meeting of the Woodrow Wilson PTA executive board.

The meeting was held last Tuesday, September 6, at 185 Hillside blvd. Nothing definite was decided, although many members had suggestions as to how to strengthen the group's standing in the community.

Plans were also made to take part in the local PTA membership campaign. The Woodrow Wilson PTA, along with the other local organizations, will attempt to gain many new members during the months of September and October.

Mrs. Carl Berg served as hostess at the Tuesday meeting.

Yuba county once included most of what are now Placer, Nevada and Sierra counties.

DC Couple Wed In Spanish Ceremonies

A true Spanish wedding united Elizabeth de La Rocha and Bonifacio Melendez at the Guadalupe Church, San Francisco, September 4.

With Father Charles Murphy officiating, the bride walked down the aisle last Sunday dressed in satin. But it was not the usual bridal dress. Instead it was the beautiful white satin of Spanish design.

A long lace veil covered the bride's face, and on her head was a crown of lilies of the valley. In her hand she also carried lilies, with streamers of lilies of the valley.

Natalia de la Rocha was the principal matron of honor. However, as is the custom of Spanish weddings, there were five other matrons of honor. All of these women were dressed in typical Spanish dress, suitable to such a formal occasion.

The matrons of honor included Francisquita de la Rocha, Maria Sifuentes, Maria Zamora, Berta Rivera, and Daisy de la Rocha.

William Alvarado was the best man. He was assisted by these caballeros: Salvador Salamarica, Jose Roberto Menbrerio, Enrique Cenda, Mauricio Rivera, Rere Carrillo.

The bride's brother, Oracio de la Rocha, gave the bride away.

While both parents of the bride and groom are deceased, nevertheless there were five padrinos and madrinas on hand to make up for the loss.

The padrinos were William Salvarado, Horacio de la Rocha, Eduardo Salinas, Victor de la Rocha and Jose Luis Carrillo. Madrinias included Natalia de la Rocha, Lilita de Aguilar, Josefina Salinas, Carmen Largaespada, Graciela Costillo.

Following the wedding a reception was held at 74 Woodward street. About 100 guests were present to help the happy couple both with advice and to eat a three-tiered cake.

Cloromiro de la Rocha and family from Nicaragua, Central America were at the wedding and reception. He is the brother of the bride. Following a honeymoon at Redwood City, the couple will make their home at 5997 Mission street, Daly City.

PTA UNITS OPEN MEMBERSHIP CAMPAIGN

PARENTS, TEACHERS, FRIENDS ASKED TO JOIN ONE OF FIVE LOCAL P. T. A. ORGANIZATIONS

As much a part of school as teachers, pupils and books is the Parent Teacher Association.

With the opening of schools September 12, the work of the various elementary and high school PTAs begins again.

The majority of parents are interested in seeing their children have a good education, but as individuals are some times powerless to further this wish. It is for them that the PTA is organized.

But, as any organization, the PTA is powerless without the support of the community and the parents. In numbers is strength, and a strong PTA is the prime mover for better education.

You, as a parent or teacher need the PTA, and the PTA as a means to better education needs you. During the next two months the PTA will be happy to include you, your husband or wife, or your friends in its ranks.

This is not a "drive" to get a number of names on the membership rolls. Rather it is a campaign to unite the community in its joint effort to obtain better schools and educational facilities for its youth.

Joining the PTA doesn't necessarily mean just hard work. Quite the opposite. It is also an excellent way to meet new friends, take part in social activities, and become acquainted with teachers.

Such events as "Fathers' Nite," "Teachers' Tea," student panels and field trips add to the enjoyment of PTA members.

Those who are interested in joining the organization, or those who wish to once again take an active part in the PTA may do so by contacting any of the Colma and Daly City units.

These units are: Jefferson High school, Mrs. Grace J. Hill, president; General Pershing, Mrs. George Freeland, president; Woodrow Wilson, Mrs. W. M. Cheatham, president; Crocker, Mrs. Erwin Schmidt, president; Colma, Mrs. Hilda A. Dennis, president.

Those interested in joining the PTA are invited to become members in that unit located in their respective neighborhoods.

During the school year, these groups will meet on the average of once a month. Time of each meeting will be announced in the "Record" in the Activity Calendar.

But now let each of these presidents speak for her group:

CROCKER PTA (Mrs. Erwin Schmidt) — Mothers, dads and friends of pupils attending Crocker are asked to join the Crocker PTA during this month and October.

You are needed to help carry on the vital work which we have to do. Each year we have a membership campaign to get the parents

and teachers to join, hoping they will take an active part.

We need your ideas, interest, zest, strength, support and cooperation. We have a good membership, but we don't have enough interested parents who will attend the meetings and hold office and really help to accomplish the many objects we would like to do.

Most of the active members in the Crocker PTA have grownup children who are married. However, we are still interested in child welfare. But, we would like to have the mothers who have children going to school now join and carry on the very fine work.

We meet at the General Pershing School, 631 Hanover street, the second Tuesday of each month at 1:30 p.m.

Those interested in joining the Crocker PTA group are asked to call JUNiper 4-3308, or attend the Tuesday meeting.

COLMA PTA (Hilda A. Dennis) — Our present unit was organized in November, 1932, but in 1917 there had been an organized group of mothers and teachers. With the outbreak of World War I and the call to duty of its members, the group disbanded.

About 1917 a group of parents and teachers desiring to improve sanitary conditions in the old Jefferson Grammar school in Colma obtained permission from Superintendent William Savage to meet in one of its school rooms and organize the Colma PTA.

Outstanding accomplishment of this early group was the installation of new indoor sanitary lavatories for the school children, Mrs. Henry Ward Brown, on the executive committee of the group, reports.

Other later accomplishments of the Colma group includes: a kindergarten at Jefferson elementary; obtaining milk, shoes, clothes, and glasses for needy children; getting rain outfits for the traffic patrol and promoting the school lunch plan.

Our purpose is to promote the work of child welfare through instruction programs and the activities of association committees. We wish to encourage membership participation and thus develop leadership.

The group will meet the first Tuesday of each month at 1:30 p.m. at the Colma Community Center.

Those wishing to join the organization which serves Jefferson elementary, Thornton and Broadmoor are asked to call JUNiper 5-7325 and talk to Mrs. Irene Chessman, membership chairman.

GENERAL PERSHING (Mrs. George Freeland) — Now that summer is over and school will soon begin, all over America Parent-Teacher groups are looking for new members. General Pershing PTA wants a lot of new members. Why? Simply because we know there is strength in numbers and if our association is strong we can help the schools give our children what they need and should have.

Joining the PTA doesn't mean just work. It's a fine way to make new friends, and good friends too, because all PTA members have something in common. We all have a deep interest in the welfare of our children.

The group meets the first Tuesday of each month, 1:30 p.m., at the General Pershing school, 631 Hanover.

Rules For Vets Going To School During The Fall

Veterans intending to go to school this fall under the G-I bill were advised to day to start making necessary arrangements.

As a first step, a veteran should make certain his VA certificate of eligibility is in order.

If he was attending school this past spring or summer under the GI bill, and intends to continue in the same school and course this fall, his present certificate is valid. There is no need for him to contact the VA office.

If he intends to continue in the same school but in a different course, he should see his school's registrar to learn whether the institution requires a supplemental certificate of eligibility.

A veteran already in school, intending to continue his GI bill education in a different school, should apply as soon as possible for a supplemental certificate of eligibility.

If a veteran is not now in school, and holds an unused GI bill certificate of eligibility issued before September 1, 1948, he should exchange it now for a new type certificate.

The veteran who has no certificate of any kind should apply for one at his nearest VA office, if he intends to enroll in school for the fall term.

He will be issued the new type certificate when VA determines that he meets necessary eligibility requirements.

Those veterans who need certificates to attend different schools or take different courses may obtain application forms from their present school or from any VA office.

Mrs. Smith Suffers Fractured Hip From Porch Fall Last Saturday

Recovering from a fractured right hip today is Mrs. Martha Smith, 86, 251 Hillcrest drive.

The elderly woman sustained the injury Saturday at 6:30 p. m. when she slipped on her porch while taking some clothes off a line.

She was rushed to Junipero Serra hospital for first-aid treatment, and later transferred to the Community hospital. Hospital authorities said she fractured her right femur, or thigh bone.

asked to call Mrs. Arthur Benosky, membership chairman, JUNiper 7-1801, or attend a Tuesday meeting.

WOODROW PTA (Mrs. W. M. Cheatham) — Welfare begins at home. If you are interested in the immediate welfare of your own children in particular, and the youth of the community in general, why don't you join forces with your neighborhood PTA.

By becoming a member you make the PTA a bigger and better agency to coordinate the school and home purposes. The PTA will value your moral support.

Woodrow PTA meets the third Tuesday of each month, 1:30 p.m., at Woodrow Wilson school, 44 Miriam.

Those interested in joining are asked to call Mrs. Cheatham at JUNiper 7-5419, or attend a meeting.

JEFFERSON HIGH SCHOOL PTA (Mrs. Grace J. Hill) — This unit is a composite group of the district. Our meetings are combined to bring parent and teacher together with such gatherings as Fathers' Nite, Teachers' Tea, Student Panel and others.

Though we have a large registered membership the attendance is relatively small. We assist the students financially and also contribute to the scholarship fund through life membership. Many other projects are sponsored.

We earnestly urge our members to attend these meetings and help in these many programs for the good of our children. We know that if you attend and learn our policies you will become interested and want to help in many ways.

No time has yet been set for the first meeting of this group.

Those interested in joining are asked to contact Mrs. Hill by calling JUNiper 7-6145.

Monthly Social Security From \$10 to \$85

What is the value of social security to the average working man or woman?

This man or woman may find out how much money he or she will get upon reaching the age of 65 by checking on his or her account kept by the bureau of old age and survivors insurance, in San Francisco, Room 159, Federal building.

And every worker will receive benefits who is paying into the social security plan. Only requirement for drawing a pension is that the worker has been employed for the necessary length of time.

California residents receive over \$4,000,000 each month from old age and survivors insurance, based on their earnings from January 1, 1937, up to the time of their retirement.

An important feature to keep in mind is that these payments are insurance payments. They are paid to eligible individuals regardless of need, regardless of a person's money in the bank or income.

The value of a worker's insurance policy with Uncle Sam depends upon the earnings of that person in covered jobs. Payments to insured persons vary from \$10 to \$45.20 each month, with family payments going up to \$85 each month.

Sponsored by the Paulist Fathers of San Francisco, the exhibit will be open to the public without charge from 1:30 to 9:30 p.m. daily and Sundays.

DALY CITY—COLMA

Full endorsement of the proposed \$396,000 War Memorial bond issue was given by the Lions Club Wednesday at their noon luncheon.

The approval of both the bond issue for the parks and War Memorial building was given after a speech by Mayor Paul Green.

Mayor Green, as guest speaker of the day, pointed out some of the benefits of having a War Memorial building and improved parks. Further details on this issue may be read on Page 1 of the "Record."

Not only did the Lions approve the issue, but they said they would recommend that their friends vote YES at the September 27 special election. At that time residents of Daly City will be asked to approve the bond issue.

Following Mayor Green's speech, plans were discussed for a picnic October 2. The picnic is to be given in conjunction with the Brisbane Lions Club.

It will be held this year at Oak Cove park, near San Mateo and Redwood City.

Tickets for the affair may be purchased from any member of the Lions Club.

The nation's production of goats' milk is valued at \$100,000,000 a year.

GIVE THEM A HAND

Schools will soon be opening for the fall term, and School Safety Patrols will be seen at work, protecting the lives of their school-mates against traffic hazards. Give the young Soldiers of Safety a hand. When you see a Safety Patrol on duty, slow down and be prepared to stop so that children can cross safely.

A HARD LESSON

Experience teaches fools, says a Latin proverb, but foolish driving on the highway often makes the lesson of experience extremely costly. Take it easy in your driving. Don't learn your lesson the hard way.

WOLF CREEK TAVERN
Wolf Creek Tavern, located 24 miles north of Grants Pass in Oregon and standing on the old placer gold diggings of the Wolf Creek Basin, is reported to be one of the most historic hostleries in the west. President Hayes stopped here on the first journey ever made to the west by a President. General Grant made his headquarters here during the Oregon Indian campaign, and here Jack London completed the "Valley of The Moon."

With a special city election coming up September 27, and the state election November 8, all are urged to register to vote.

Persons either not registered or not properly registered on or before September 15 will be ineligible to vote at the special elections.

For the convenience of Daly City residents, registration will take place at the Daly City Bank of America this week and continue thru September 14. Deputy Registrar Mrs. Helen Villalba will be present to take registrations.

To register a person must be an American citizen, 21 years of age or older, lived in the state at least one year, in San Mateo county 90 days, and in a precinct 54 days prior to the day of election.

PROTECT SIDEWALLS
Tire life is often shortened by scraping tire sidewalls against a curb, the California State Automobile Association warns. Continued abuse of tires in this manner weakens the tire carcass and increases the hazard of a blowout.
